

Hello, Students.

ACM's COVID-19 Reporting Process will be undergoing significant changes beginning Monday, December 6, 2021. **If you have been exposed, become symptomatic, or receive a positive test result for COVID, you must notify the College before coming to campus by contacting the following:**

E-mail: covidreports@allegany.edu

Phone: 301-784-5061

A reminder that all students are required to [self-monitor for symptoms of illness](#) and sign an attestation before going to class or visiting campus offices/using College services that you are asymptomatic, have not tested positive for Covid, and have not been exposed to anyone who has or is suspected to have COVID-19. Your attestation must be a true and accurate statement. Any false attestations could prompt disciplinary action.

As we finish out this semester and prepare for the spring 2022 semester, please remain careful and diligent. Continue to do your part following the critical prevention strategies: **Wear** your mask indoors, **Watch** your distance, and **Wash** your hands.

Best wishes on your finals! Stay safe and be well.

-ACM COVID Command Team
