

Hi, (student name).

It's Dr. Cynthia Bambara, your college president. It's [Native American Heritage Month](#) and a time to think about the Cumberland region's original caretakers—the people of the Shawnee, Massawomeck, and Susquehannock tribes.

Now, let's talk about updates.

- Check out the college's new fan-tastic [Athletics website](#) for the latest athletics news, team schedules, videos, and more.
- Show your Trojan spirit at the Bob Kirk Arena for the **Personal Best Athletics Classic** this weekend, 11/10-11/12. Admission is free for students.

Set a reminder, students.

- [Register now](#) for your spring courses. You're far less likely to get shut out of a course if you register early. Contact your academic advisor or stop by the Advising Center for help.
- At 8:45 am on 11/10, the college won't be in a crisis state. We'll be testing our emergency communications system, so don't panic.
- Please [apply now](#) for 2024-25 scholarships. The first deadline is 1/31/2024.

Connect to resources and the ACM family.

Please check your emails for further details about student resources, activities, and fun events.
