

ISA CERTIFIED TREE WORKER/CLIMBER SPECIALIST

ELIGIBILITY

Applicants must have 18 months of climbing experience. The candidate must also show valid proof of training in aerial rescue, CPR, and First Aid.

EXPERIENCE

Practical experience helpful in preparing for the knowledge and skills exam will include full-time professional work which requires the regular practical use of knowledge involved in climbing safety, tree removal, rigging, pruning, cabling, climbing/knots, tree sciences, and tree identification.

MEMBERSHIP

ISA Membership is not required to become an ISA Certified Treeworker, although members pay a discounted fee for exam registration, recertification, study guide, and purchase of other educational materials.

FEES
