Dear Reader,

In order to have our area advance, an educated citizenry and a skilled workforce are absolutely necessary. Therefore, one of the primary objectives of the Allegany College of Maryland Foundation is to provide scholarships that will enable the College to attract high quality students and greatly increase the accessibility of a college education to students from our area. The Foundation is continually working to develop additional scholarships to provide assistance to individuals so that they and our community may reach maximum potential.

If an individual or organization would like to learn more about establishing a scholarship or would like to learn more about the Foundation, please contact the Allegany College of Maryland Foundation Office at 301-784-5200.

Sincerely,

Linda A. Price
Vice President of Advancement and Enrollment Management
The Foundation Board of Directors is composed of individuals who represent positive leadership and are dedicated to the further development of Allegany College of Maryland.
In its effort to assist more students, the Allegany College of Maryland Foundation will limit the number of Foundation scholarships awarded to a student in an academic year to three or a total value of $2,500. However, this does not mean that the most a student can receive is $2,500. See examples below. Federal financial aid such as Pell Grants and Maryland State Scholarships are additional ways to obtain financial assistance and will not be used to limit a student from receiving Foundation awards. Scholastic Excellence Scholarships and Presidential Scholarships, however, will count toward the three-scholarship limit.

Examples are as follows:

1. If a student receives one scholarship for $2,000 and another for $750, the student’s total award is $2,750. The student, therefore, is ineligible to receive any more scholarships for the academic year as the student reached the dollar limit.

2. If a student receives one scholarship for $1,000 and one for $500 and another for $750, the student’s total award is $2,250. The student is ineligible to receive another scholarship for the academic year as the three scholarship limit has been reached.

Allegany College of Maryland does not discriminate against students or prospective students for reasons of race, sex, color, religion, national or ethnic origin, age, veterans status, conditions of disability, or sexual orientation in admission, educational programs and activities, scholarship and loan programs, or any terms and conditions of enrollment. The College complies with applicable state and federal laws and regulations prohibiting discrimination.

Allegany College of Maryland supports the efforts of the State of Maryland and the United States to provide learning centers and workplaces free of illegal drug and alcohol use. The Code of Student Conduct includes provisions making unlawful use or possession of drugs or alcoholic beverages a violation of the Code. In addition, the use of oral tobacco or tobacco substitute products or smoking, or the carrying of any lighted tobacco product or tobacco substitute is prohibited in all interior areas of all campus buildings and in all College vehicles. Violators are subject to discipline which might include censure, restitution, probation, suspension, dismissal, or expulsion. In addition, some of the financial aid programs made available through Allegany College of Maryland or through the State of Maryland require certification that the student recipient remain drug free and avoid the unlawful use of alcohol. Conviction of an alcohol or drug violation in court or under the College Code of Student Conduct could mean loss of valuable financial aid or scholarships. All college students are encouraged to become familiar with the Code of Student Conduct, the College Drug/Alcohol Abuse Policy, and the College Tobacco Use Policy, each of these policies are found in the Student Handbook.

We reserve the right to reduce and/or eliminate scholarships or scholarship award amounts as necessary.

The Allegany College of Maryland Foundation, Inc., was established June 9, 1982. It is a not-for-profit foundation organized and incorporated under Maryland law.

Its purpose is to receive private gifts, bequests, and donations, and to account for, manage, and help appreciate monies or property submitted to the Foundation. Such donations are tax deductible, to the extent allowable by current law.

Funds for the Foundation are distributed to encourage and promote the growth, progress, and general welfare of Allegany College of Maryland.

EQUAL EMPLOYMENT AND EDUCATIONAL OPPORTUNITIES

The Allegany College of Maryland Foundation, Inc., actively subscribes to a policy of equal educational opportunity, without regard to race, sex, age, national origin, or physical disability, and/or as prescribed under the law through the United States Department of Education.

Allegany College of Maryland subscribes to and supports the following federal regulations governing equal employment and educational opportunities, as prescribed under law through the United States Department of Education:

- Executive Order 11246 (as amended by Executive Order 11375).
- Title VI of the Civil Rights Act of 1964.
- Title IX, Education Amendments Act of 1972.

RELEASE OF INFORMATION REGARDING STUDENTS

(In compliance with the Family Educational Rights and Privacy Act)

(This section refers to institutional policy regarding records of students enrolled in credit coursework only, and is not intended to apply to students enrolled in non-credit continuing education or community services programs).

The Family Educational Rights and Privacy Act of 1974 is a federal law which states (a) that a written institutional policy must be established; and (b) that a statement of adopted procedures covering the privacy rights of students be made available. The law provides that the institution will maintain the confidentiality of student education records.

Allegany College of Maryland accords all the rights under the law to students who are declared independent. No one outside the institution shall have access to, nor will the institution disclose, any information from students’ education records without the written consent of students except to personnel within the institution, to accrediting agencies carrying out their accreditation function, to persons in compliance with a judicial order, and to persons in an emergency in order to protect the health or safety of students or other persons. All of these exceptions are permitted under the Act.

Within the college community, only those members individually or collectively acting in the students’ educational interest are allowed access to student education records. These members include part- and full-time personnel in the offices of the President, the Vice-President of Instructional Affairs, the Admissions, Business, Counseling, Data Processing, Financial Aid, Institutional Research, College Foundation, Registration and Student Activities, and academic personnel within the limitations of their need to know.

At its discretion, the institution may provide directory information, in accordance with the provisions of the Act, to include: student name, address, telephone number, date and place of birth, major field of study, dates of attendance, degrees and awards received, the most recent previous educational agency or institution attended by the student, participation in officially recognized activities and sports, and weight and height if a member of an athletic team. Students may withhold directory information by notifying the Director.
of Admissions and Registration in writing within two weeks after the first day of class for the fall semester. Forms for this purpose are available in the Registration Office.

Request for nondisclosure will be honored by the institution for only one academic year; therefore, authorization to withhold directory information must be filed annually in the Registration Office.

The law provides students with the right to inspect and review information contained in their education records, to challenge the contents of their education records, to have a hearing if the outcome of the challenge is unsatisfactory, and to submit explanatory statements for inclusion in their files if they feel the decisions of the hearing panels are unacceptable. The Director of Admissions and Registration at Allegany College of Maryland has been designated by the institution to coordinate the inspection and review procedures for student education records, which include admissions, personal, academic, and financial files and records. Students wishing to review their education records must make written requests to the Director of Admissions and Registration.

Only records covered by the Act will be made available within thirty days of the request. Students may have copies made of their records, with certain exceptions (e.g., a copy of the academic record for which a financial “hold” exists, or a transcript of an original or source document that exists elsewhere). These copies would be made at the students’ expense at prevailing rates, which are listed in the current catalog. Education records do not include records of instructional, administrative, and educational personnel that are the sole possession of the maker and are not accessible or revealed to any individual except a temporary substitute.

Students may not inspect and review the following as outlined by the Act: financial information submitted by their parents; confidential letters and recommendations associated with admissions, employment or job placement, or honors to which they have waived their rights of inspection and review; or education records containing information about more than one student, in which case the institution will permit access only to that part of the record which pertains to the inquiring student. The institution is not required to permit students to inspect and review confidential letters and recommendations placed in their files prior to January 1, 1975, provided those letters were collected under established policies of confidentiality and were used only for the purposes for which they were collected.

Students who believe that their education records contain information that is inaccurate or misleading, or is otherwise in violation of their privacy or other rights, may discuss their problems informally with the Director of Admissions and Registration. If the decisions are in agreement with the students’ requests, the appropriate records will be amended. If not, the students will be notified within a reasonable period of time that the records will not be amended, and they will be informed by the Director of their right to a formal hearing. Student requests for a formal hearing must be made in writing to the Director of Admissions and Registration who, within a reasonable period of time after receiving such requests, will inform students of the date, place, and time of the hearings. Students may present evidence relevant to the issues raised and may be assisted or represented at the hearings by one or more persons of their choice, including attorneys, at the student’s expense. The hearing panel that will adjudicate such challenges will consist of the Director of Admissions and Registration, the dean having jurisdiction over the student’s curriculum, the chairman of the Faculty Senate, and the president of the Student Government Association.

Decisions of the hearing panel will be final, will be based solely on the evidence presented at the hearing, will consist of written statements summarizing the evidence and stating the reasons for the decisions, and will be delivered to all parties concerned. If the decisions are in favor of the students, the education records will be corrected or amended in accordance with the decisions of the hearing panels. If the decisions are unsatisfactory to the students, the students may place with the education records statements commenting on the information in the records, or statements setting forth any reasons for disagreeing with the decisions of the hearing panel. The statements will be placed in the education records, maintained as part of the students’ records, and released whenever the records in question are disclosed.

Students who believe that the adjudications of their challenges are unfair, or not in keeping with the provisions of the Act, may request, in writing, assistance from the president of the institution. Further, students who believe that their rights have been abridged may file complaints with the Family Educational Rights and Privacy Act Office (FERPA), Department of Education, Washington, D.C. 20201, concerning the alleged failures of Allegany College of Maryland to comply with the Act.

Revisions and clarifications will be published as experience with the law and the College’s policy warrants.
A Guide Through the Scholarship Application Process

IMPORTANT: PLEASE READ BEFORE APPLYING FOR SCHOLARSHIPS

PLEASE NOTE:
SCHOLARSHIPS OFFERED THROUGH THIS CATALOG WILL BE AWARDED DURING THE 2011-2012 ACADEMIC YEAR BUT WILL BE APPLIED TO TUITION/FEES FOR THE 2012-2013 ACADEMIC YEAR; IN OTHER WORDS, STUDENTS BEGIN APPLYING FOR SCHOLARSHIPS ONE YEAR IN ADVANCE.

HOW CAN I FIND THE INFORMATION I NEED ABOUT A PARTICULAR SCHOLARSHIP?

An alphabetical listing of scholarships and the page numbers of scholarships are provided on page 12.

HOW WILL I KNOW IF I AM ELIGIBLE TO APPLY FOR A SCHOLARSHIP?

Each scholarship will have specific requirements listed in the description which must be reviewed by the applicant to determine if he/she is eligible to apply. Therefore, you will need to turn to the page that lists the scholarship description to find this information. For example, some scholarships may require that you live in a particular geographical location; i.e., the tri-state area. Other scholarships may require that you show financial need; i.e., you have applied for federal financial aid through the Financial Aid Office. Still other scholarships may require that you be enrolled in a certain curriculum; i.e., nursing. PLEASE NOTE: IT IS THE POLICY OF THE FOUNDATION THAT ALL SCHOLARSHIP APPLICANTS AND RECIPIENTS MUST HAVE A MINIMUM GRADE POINT AVERAGE OF 2.0 AT THE TIME OF APPLICATION IN ORDER TO BE ELIGIBLE FOR ANY OF THE FOUNDATION SCHOLARSHIPS, ALTHOUGH SOME SCHOLARSHIPS MAY REQUIRE A HIGHER GRADE POINT AVERAGE. The following letter grades and numerical grades may be used interchangeably in scholarship descriptions:

- 4.0 = A
- 3.0-3.9 = B
- 2.0-2.9 = C

WHEN THE RESIDENCY REQUIREMENT STATES THE APPLICANT MUST RESIDE IN THE TRI-STATE AREA OR THE FOUR-STATE AREA, HOW DO YOU DEFINE THESE AREAS?

The Tri-State area includes Maryland, Pennsylvania, and West Virginia.

The Four-State area includes Maryland, Pennsylvania, Virginia, and West Virginia.
HOW DO I APPLY?

Any student applying for a scholarship must first apply for admission to the College. An admission's application can be obtained by contacting the Admissions Office at 301-784-5199. (There is no application fee.) Once a student has applied for admission to the College, the student should complete the scholarship application on page 10 of this catalog. This application must have current transcripts attached if one is not already on file in the Admissions Office. An applicant may apply for as many scholarships as desired by following the directions stated on this application.

WHEN SHOULD I APPLY FOR SCHOLARSHIPS?

All of the scholarships listed in this catalog (except Special Scholarships, see page 21) are arranged by application deadline date, with the first deadline being January 31, 2012 (see page A1). Scholarship applications must be received by the deadline date.

HOW ARE SCHOLARSHIP RECIPIENTS SELECTED?

Most scholarship recipients are selected by faculty/staff who are members of the Scholarship Committee. In some cases, the donor of the scholarship will assist in the selection.

PLEASE NOTE:
SCHOLARSHIP SELECTION COMMITTEE MEMBERS RESERVE THE RIGHT TO SELECT OR REJECT ANY AND/OR ALL APPLICATIONS RECEIVED FOR A PARTICULAR SCHOLARSHIP.*

HOW MANY SCHOLARSHIPS CAN I ACTUALLY RECEIVE?

It is the policy of the Allegany College of Maryland Foundation to award no more than three (3) Allegany College of Maryland Foundation scholarships or $2,500, to one individual. This, however, does not mean that the most you may ever receive is $2,500. For a more detailed explanation with examples, please refer to our policy on page ii.

IF I AM AWARDED A SCHOLARSHIP, DO I AUTOMATICALLY RECEIVE THE AWARD FOR THE SECOND SEMESTER? DO I AUTOMATICALLY RECEIVE THE SAME SCHOLARSHIP THE NEXT YEAR?

No. In order for a scholarship recipient to have an award continued into the second semester (ordinarily initial awards are given during the Fall), the recipient must remain eligible under the particular requirements of the scholarship. For those scholarships which state in their descriptions that continuation into the second year is possible, students must reapply.

* Officers and Directors of the Allegany College of Maryland Foundation Board, full-time faculty and staff of Allegany College of Maryland and their immediate family members are not eligible for Allegany College of Maryland Foundation Scholarships.
Scholarship Application Directions

For Academic Year 2012-2013*

* The scholarships in this catalog will be awarded during academic year 2011-2012 and will be applied to tuition/fees during the 2012-2013 academic year.

In order to be eligible to apply for any scholarships administered by the Allegany College of Maryland Foundation, you must first complete a college admissions application and forward it, along with a copy of your high school transcript, to the Admissions Office. Once you have done this, you are ready to apply for scholarships.

1. After reading through the scholarship descriptions in the catalog to determine for which scholarships you are eligible to apply (see pages A1 - H), please photocopy the application making as many copies as necessary. You are required to submit one application for each scholarship for which you are applying.

2. Please complete the application in its entirety. When writing the essay, please be sure to address any specific requirements that were indicated in the scholarship description. See suggested information to include in essay on page 7. For example, if the criteria for a certain scholarship indicates that the student must be full-time in a particular program area, please indicate what your intentions are for next year; i.e., "I am planning to enroll full-time in the Fall in the criminal justice program." A separate essay can be attached to the application.

3. Once the application has been completed, please review the checklist on page 6 to make sure you have provided all necessary information.

• Allegany College of Maryland Tuition Discounts, Grants and Waivers
NOTE: Information regarding federal and state financial aid programs is provided in this catalog as a service to the student. The following federal financial aid programs are administered by the Allegany College of Maryland Student Financial Aid Office. They may be contacted regarding any of these programs at 301-784-5213.

The Allegany College of Maryland Student Financial Aid Office participates in most federally-funded programs. More than 80 percent of all enrolled students at ACM receive some form of financial aid. Last year, Allegany College of Maryland disbursed more than $22 million in funds from local, state, and federal programs.

Students applying for financial aid are considered for all programs for which they are eligible. The amount of the award is based on the financial need of the student. Need is determined by subtracting the resources of the student and his/her family’s contribution from the total student expenses. The family’s contribution is calculated on the basis of the amount of their income and assets as well as consideration of taxes, medical expenses, and other liabilities. A federal formula is used to determine the family contribution. All financial aid awards to students are determined by the Director of Student Financial Aid.

Applications for financial aid should be made as early as possible. The Free Application for Federal Student Aid (FAFSA) is available by January 1st.

The form may be obtained from high school guidance counselors or the Allegany College of Maryland Student Financial Aid Office. The FAFSA is also available on the web. Submitting the FAFSA on the web provides a faster and easier way to receive FAFSA results. The web address is www.fafsa.gov.
