

SUBJECT LINE: WELCOME TO SUMMER SESSION 2020

Dear Students:

Whether you're new to our college or a returning student, I want to personally thank you for choosing ACM this summer. Our entire ACM family is here, virtually, to help you succeed in your courses.

Please reach out to us for help and assistance this summer, especially now as you begin your courses online. No question about your education is worth keeping to yourself.

I've listed several of our resources that may be useful to you.

IT HELP

ACM's IT Helpdesk at ithelpdesk@allegany.edu is available to help with issues logging into BrightSpace, your student email, or other ACM platforms. If you're new to BrightSpace, this [tutorial](#) offers a helpful introduction to the platform. We've also posted a [WebAdvisor User Guide](#) if you're having difficulties.

AVAILABLE RESOURCES

If you do not have a computer or reliable internet access, or if you are in need of limited financial assistance, please confide in a faculty or staff member about your situation.

WIFI SIGNAL

Local students may access ACM's wifi signal in the parking lots next to our Physical Education Building to work on their education.

TUTORING

[ThinkingStorm](#) tutors and ACM learning specialists are available. Check your [Brightspace](#) account for updates or email cclifton@allegany.edu if you have questions.

FALL REGISTRATION

If you're continuing your academic journey with us this fall, registration is open. Preview our [course catalog](#), and email Jennifer Engelbach at jengelbach@allegany.edu in the Advising Center to set up an email or virtual advising session.

SCHOLARSHIPS AND FINANCIAL AID

If you are concerned about how you will afford the fall semester at ACM, please contact our ACM Foundation and our Student Financial Aid Office. We offer numerous [scholarship programs](#) and [financial aid options](#) to help students just like you. Reach out to Sandi Foreman (Foundation Office) at sforeman@allegany.edu or Vicki Smith (Financial Aid) at studentfinancialaid@allegany.edu today.

I wish you all the best in your studies. Please contact me or one of your current ACM faculty members, or email info@allegany.edu for assistance.

Stay well,

Dr. Cynthia Bambara

President

Allegany College of Maryland
