

Allegany College of Maryland
SOLICITATION POLICY

Adopted date 2023
Approved by Board of Trustees 06/19/23
Implementation Date 07/01/23
Type of Policy: Optional*
*some legal requirements embedded

BACKGROUND AND PURPOSE

The College has not had a formal, college-wide policy addressing solicitation; it has had practices that have evolved over time to manage requests by persons/groups (college-affiliated and unaffiliated third parties) to solicit purchases, donations, memberships in organizations, and the like. The College's Student Handbook prohibits commercial activity on campus and details the process for student clubs/organizations to be created and to engage in fundraising. Questions often arise over whether third parties can sell products on campus, solicit customers on campus, and/or advertise on campus. Such questions also include which institutional office/official is responsible for managing such requests and any approved activities. There can sometimes be overlap with the College's First Amendment Speech and Expressive Activity Policy as well as other institutional policies and practices. The First Amendment policy clarifies what, when, and how constitutionally protected activities may occur on campus – both planned and spontaneous activities. The purpose of this policy is to create the structure and the oversight for commercial activity, business solicitation, advertising, charitable solicitation, institutional fundraising, job recruitment, military recruitment, memberships/unions, and similar activities.
