ALLEGANY COLLEGE OF MARYLAND CELEBRATES FIRST GENERATION STUDENTS

PHOTO CAPTION== In recognition of National First-Generation College Celebration Day on Nov. 8, Allegany College of Maryland's first generation faculty and staff gathered in support of current first gen students. ACM's Pathways For Success (TRiO) Program, sponsored by the US Department of Education, offers income-eligible first-gen students a range of academic services designed to promote college completion. One-third of all U.S. college students are first gen students, according to a Feb. 2018 Institute of Education Sciences report.
