NBCOT Exam	\$540		\$540	<b>\$540</b>	After graduation
State Licensure Fee	\$200		\$200	<b>\$200</b>	After graduation, MD only, prices varies by state

<sup>1</sup> The Occupational Therapy Assistant Program at Allegany College of Maryland has been designated as the Health Manpower Shortage Program. The Maryland State Department of Health and Mental Hygiene has determined certain health occupations in the state to be in short supply. The Maryland Higher Education Commission has designated educational program that correspond to these health occupations to be eligible for the Health Manpower Shortage Program. Maryland residents from counties other than Allegany County who register in this eligible program will be charged at the out-of-county tuition rate. However, these students may be eligible to receive reimbursement for a portion of the cost difference between the in-county and out-of-county tuition rates. Funding availability for this program is based on funding from the State of Maryland and is thus subject to change each semester. Some restrictions apply. More information can be obtained by contacting the Admissions Office.

<sup>2</sup> Registration fee is nonrefundable, but it is applied to tuition.

<sup>3</sup> Regional waivers apply to students residing in the West Virginia counties of Mineral, Hampshire, and Morgan and the Pennsylvania counties of Bedford, Somerset, and Fulton.

<sup>4</sup>Immunization requirements include:

- Tdap
- 2-Step Tuberculin Skin Test (TST) PPD
- MMR
- Varicella (or blood titer for immunity status)
- Hepatitis B (and/or blood titer)
- Seasonal Flu Vaccination
- Drug screening
- *COVID Vaccination*

The NMWC prices are represented in the chart above. Note these costs may vary based on service provider and location. COVID vaccinations are strongly recommended as many fieldwork sites require the vaccination as per site policy. Fieldwork is an essential and required task of the student to demonstrate clinical competency as per ACOTE standards. Few fieldwork sites honor the student waiver by ACM's processes. Students maintain the right of obtaining a COVID vaccination or obtaining a waiver with the knowledge of potential limitations on fieldwork.

<sup>5</sup> Health insurance costs depend on student personal circumstances. If you do not have health insurance, you will be required to purchase it. More information can be obtained at the Business Office.

<sup>6</sup> Criminal Background \$39 MD, WV, VA. PA residents may also be required to purchase PA Access to Criminal History PATCH, Child abuse, and Fingerprint = approximately \$65-85

Course #	Course Name	Fee	Description
Bio 121	Musculoskeletal Anatomy of the Human	\$70	Course Fee
Bio 201	Human Anatomy and Physiology	\$70	Course Fee
