

September 27, 2022

Although this summary of the September 15, 2022, meeting has been delayed, the luncheon and the meeting were a success. The reunion of the members and the greeting of the new members provided a sense of camaraderie that has been absent for nearly two-and-half years.

Dr. Bambara gave an overview of Allegany College of Maryland's activities and advances over the past two years and related plans for future developments at ACM. Mr. David Jones supplied additional information about the renovations and new structures at ACM and led a tour of these buildings at the conclusion of the business meeting.

Mr. John Moore, the Treasurer, stated that the Allegany College of Maryland Retirees Association was financially sound. Mr. Jones relayed a message from Dr. Markey, the Vice-President, who urged the association members to visit the ACM Library/Learning Commons. Dr. James Stickler, President, reported that the Allegany College of Maryland Retirees Association was vibrant and healthy.

The business meeting resulted in the following decisions:

- A motion was moved, seconded and approved that the four \$500.00 per student scholarships currently being awarded, be increased to \$750.00.
- A Nominations Committee was created to identify candidates for the ACMRA Spring Elections. James Stickler, Ken White, and Vic Reuschlein are the committee members.
