

Allegany College of Maryland Baseball Halo Project:

Allegany College of Maryland is securing quotes to install a Homeplate halo on the baseball field. Interested parties should provide a quote for this project based on the specifications below:

1. Layout the area to include new 5' wide halo around home plate 8' away from halo
2. Excavate area of halo to a depth of 8" to accept stone base and concrete
3. Set halo elevation for concrete contractor (separate vendor)
4. After concrete is installed by others, re-mobilize
5. Supply and Install halo provided by OnDeck Sports (or equivalent vendor) by gluing halo to concrete. Design of the halo logo is attached.
6. Precision grade area outside of halo
7. Install 1,200 sq. ft of Big Roll Kentucky Bluegrass sod
8. Touch up/add infield mix to home plate area
9. Perform a clean-up of the area

Additional information can be obtained by contacting Andrew Clark, aclark5@allegany.edu. Quotes can be submitted by email to acmap@allegany.edu by April 18, 2025 at 2:00 p.m.
