The University of Pittsburgh considers any student who has previously attended a college or university to be a transfer student. Students must be in good academic (GPA of 2.0) and social standing to be considered for admission. Students with fewer than 24 academic credit hours will be required to submit high school transcripts and test scores.

The maximum number of credits transferable from a community college that may be applied to a baccalaureate degree varies.

Only courses in which the student has earned a C or better will transfer.

Contact your advisor, the [Student Success Center](#) at (301) 784-5551, or Pennsylvania Student Services Offices for additional information.
