Transfer Admission

Salem-International University considers any person who has attended another post-secondary institution to be a transfer student. To be considered for admission, transfer students must be in good academic and social standing. Students with fewer than 24 academic credit hours will be required to submit high school transcripts and test scores.

The maximum number of credits transferable from a community college varies. Only courses in which the student has earned a C or better and which are applicable to a program at SIU will transfer. Students who have completed an associate degree at ACM will need to take only Global Issues and two additional core courses to complete the general education requirements.

Contact your advisor, the [Student Success Center](#) at (301) 784-5551, or Pennsylvania Student Services Office for additional information.

Information listed on this Transfer Note is subject to change. Allegany College of Maryland is not responsible for any changes made by the transfer institution.

Revised March 2011
