OS X/MacOS

Wireless Network
Connection Instructions

Connecting an Apple Device to the ACM Wireless Network

Menu options and network settings may differ based on device and version.

Before you start:

- ▶ You must be aware of and abide by [ACM Technology Policies](#)
- ▶ You will need your ACM Self-Service credentials in order to connect to ACM Wi-Fi.

**If you are not a student or ACM Faculty/Staff member, you may connect to the [ACM Guest Network](#)*

- ▶ Click the Wi-Fi icon in the upper right corner of the menu bar
- ▶ Enter your **ACM Self-Service** username
- ▶ Enter your **ACM Self-Service** password
- ▶ **Click OK**
** You may see a Verify Certificate screen – if so, click Continue (it may say Trust or Accept depending on device/version)*
- ▶ **ACM** should now show as **Connected**
(the connection may take a short time to initialize, during which the wi-fi icon may flash, then will display as a solid color when the connection is successful.)

If you need further assistance, you may find it here:
